The Chubb safes Europa provides the highest level of protection for cash and valuables to international standards.

The Europa range is tested and conforming to EN1143-1.

Passive and active relockers are incorporated into the boltwork to resist attack.

Chubb safes special barrier material is applied in the construction of the safe to protect against varying degrees of burglary attack.

Each safe can be equipped with high quality fittings to maximise storage requirements.

SLS Security has been in the security business for more than twenty years and prides itself on being at the forefront of technology in order to provide innovative solutions to our clients needs.
